SALT LAKE P.C.
1st CLASS

Great Salt Lake, located 15 miles west of Salt Lake City, is the largest of its character in the world. The water is about 22% solids and one may float upon its surface without effort. Thousands of tons of salt, obtained by solar evaporation, are produced annually by the industries on its shores.

PIRATES ALLEY
New Orleans, La.

This narrow alley, separating the Cabildo from the old St. Louis Cathedral, is said to be one of the haunts of colorful pirate bands.

Color by Grant L. Robertson
