of the school I will direct this to Charleston  
hoping you will get it in time to write  
and to Benbow W.  
The Academy in North Carolina is in a  
flourishing condition 125 or 30 students  
at this time. There was a quarterly  
meeting given on when another  
visit had. The said College was much  
affected & thought he would go to the  
University here before it closed.  
A fine thing if it should be a lasting  
improvement. I  
quite as large as my first  
I just caught a tick not  
very first
