

Scott # 909 - 920 imprint blocks of four, set of 12 Dorothy Knapp hand-painted cachets, celebrating Victory in Europe Day, May 8, 1945 featuring United States flags and different styles of "V" and "Victory" (three with General Patton quotes), each with "Victory Vt./May 8, 1945 A.M." duplex cancels on monarch-size covers. This is the only known set and logically does not include the Korea Issue (Scott 921), since V-E Day occurred three months before the defeat of Japan. These were addressed to and serviced by Butterfield, who sent them directly to Knapp to create a one-of-a-kind set -- ex. Dr. Alfred S. Martin
