PIANO AND ORGAN TRADE.

Twenty-five years in this Business gives Great Facilities for Purchasing
and Securing Choice Selections of Instruments.

In our first experience as Financial Manager of the Mt. Carroll Seminary, it devolved upon us to purchase Pianos for the use of the School, in which transaction we became cognizant of the swindle (we cannot call it by a milder name) practiced upon the public in the sale of instruments. We at once resolved to correct the wrong, so far as is in our power, and at the same time encourage the study of music, by making it comparatively easy for our pupils and patrons to secure instruments. To this end we offered to furnish Pianos, Organs, or any instrument wanted, to our music pupils at COST to us. Thus began a trade that has become so extensive as to embrace all classes as our customers, extending as it does from New Hampshire to California, and even to Japan. Orders made by mail are filled with all the care and promptness, and to the satisfaction of purchasers, as if made in person. We do not sell the "shoddy" makes of Organs and Pianos that are flooding the country—("a 16 to 20 stop organ for \$65," and pianos at similar offers. The accompanying circular will explain their character). Our business is to sell truly "first-class" instruments at the lowest living margin of profit, our expenses in the business being merely nominal.

With the amount of sales made, our facilities have increased until we command any make in the country, and the very lowest trade prices. We do not now sell at cost, but will sell at wholesale prices to any and all persons ever in any way connected with the school, and this gives great bargains to purchasers, leaving a reasonable margin of profit to us. To those never patrons of this institution, we can give LARGER DISCOUNTS than consumers can get from manufacturers or any other dealers. Instruments are all sent directly from the manufactory, hence customers can be supplied with equal facility, East, West, North or South. Warranties for five years given on every instrument. Our arrangements for selecting instruments are such we can safely guarantee a far better selection than if made by the purchaser in person. Let the customer make his or her choice of make, whether a McCammon, a Knabe, a Steinway, or any make in the United States, and we will quote figures—WE WILL NOT BE UNDERSOLD.

N. B.—We make a Specialty of furnishing instruments to CHURCHES, CLERGYMEN, SCHOOLS and TEACHERS, at best WHOLESALE prices, same as to our students. Do not purchase until you have corresponded with us, and get references—names of those who have dealt with us. For price list and full particulars, address,
